## Jamie NG Biography 2013

My name is Jamie Ng and I am a 3<sup>rd</sup> year veterinary student at Cornell University College of Veterinary Medicine. I am also concurrently in the Masters of Public Health program at University of Minnesota's School of Public Health. My interests lie in zoonotic diseases, particularly foreign and emerging diseases, and also in food safety and food-borne illnesses. I grew up mostly in Southeast Asia, but I now call Canada home. With the global nature of today's society, I am looking forward to developing a future career in veterinary public health.
