This year the program will continue to build on the fundamentals of a quality management system (QMS) for laboratory accreditation compliant with the AAVLD Requirements for an Accredited Veterinary Medical Diagnostic Laboratory, AC-1 Version 2016-07.

The content of this year's symposium will focus on practical importance of a Quality Management System and making CAPAs work for your lab.

Topics covered will include:

Why a Quality Assurance System matters

Monitoring and Follow up of Corrective and Preventive Actions

A CAR and PAR from beginning to end

In addition, the Accreditation Committee and the Quality Assurance Committee will provide additional information about the AAVLD Accreditation Program including:

Updates from the Accreditation Committee

Responding to an AAVLD Audit Report

This symposium is recommended for all Laboratory Directors, Supervisors, Quality Managers and laboratory persons interested in the efficient and effective implementation of a Quality Management System.

Registration is required. Course materials and breakfast are provided by the National Animal Health Laboratory Network and the AAVLD Accreditation Committee.
